

2023 WISE AWARDS WINNERS DRIVE GLOBAL EDUCATIONAL PROGRESS

The six winning projects foster innovation across numeracy assessment, ICT development, EdTech, inclusivity, early childhood development and environmental education

Doha, Qatar, September 4th, 2023 – Six groundbreaking projects addressing global educational challenges have been recognized by WISE for their positive contribution to education and society. The WISE Awards aim to highlight projects that have demonstrated impact in their communities and have the potential to set international standards and best practices worldwide.

The 2023 WISE Awards winners, hailing from the Republic of Moldova, Kenya, the USA, Colombia, and India, are models of excellence that serve as an inspiration for innovation and creative action for education.

Stavros N. Yiannouka, CEO of WISE, commented: "In a world where education is the cornerstone of progress, the WISE Awards not only celebrates innovation but also the spirit of unity, resilience, and determination. Each winner this year exemplifies the transformative power of education, bridging gaps and fostering inclusivity. As we navigate the complexities of our global landscape, these initiatives light the way, proving that with innovation and dedication, we can shape a brighter, more equitable future for all."

This year's WISE Awards winners are:

[Tekwill in Every School by ATIC \(Republic of Moldova\):](#)

A national program providing 60% of Moldova's high schools with a free online digital curriculum enabling students & teachers to obtain future-ready skills driven by IT sector needs.

[International Common Assessment of Numeracy \(ICAN\) by PAL Network \(Kenya\):](#)

A common assessment numeracy tool designed to address foundational learning challenges across the Global South.

[NaTakallam: A Different Kind of Language Learning by NaTakallam \(USA\):](#)

Addressing challenges facing displaced populations by partnering with K12 schools and universities to enhance language learning.

[Ahlan Simsim by IRC in partnership with Sesame Workshop \(USA, Jordan\):](#)

A transformational early childhood development initiative reaching young children and their caregivers with playful learning opportunities integrated with educational media

[Nature-Based Education Networks by OpEPA \(Colombia\):](#)

Transforming urban learning communities into living classrooms, embracing natural ecosystems as spaces for immersive learning experiences.

[Catalyzing ECE at Scale by Rocket Learning \(India\):](#)

An early childhood and foundational learning EdTech system supporting teachers, students and anganwadi caregivers to enhance student learning.

The winners of the WISE Awards will be celebrated in Doha in an exclusive ceremony held during the upcoming 2023 WISE summit, taking place on November 28-29 2023. In addition to international visibility and networking opportunities as part of the WISE Community, each winner will receive USD \$20,000.

Since its inception in 2009, the WISE Awards have recognized and promoted 90 innovative projects, from over 150 countries, that are addressing global educational challenges. The 2023 finalists represent a diverse range of sectors and locations, showcasing a growing resource of expertise and sound educational practice. By showcasing these diverse approaches and innovative practices, the 2023 WISE Awards winners are paving the way for a more dynamic and effective education landscape globally.

About Qatar Foundation

Qatar Foundation – Unlocking Human Potential

Qatar Foundation for Education, Science and Community Development (QF) is a non-profit organization that supports Qatar on its journey to becoming a diversified and sustainable economy. QF strives to serve the people of Qatar and beyond by providing specialized programs across its innovation-focused ecosystem of education, research and development, and community development.

QF was founded in 1995 by His Highness Sheikh Hamad bin Khalifa Al Thani, the Father Amir, and Her Highness Sheikha Moza bint Nasser, who shared the vision to provide Qatar with quality education. Today, QF's world-class education system offers lifelong learning opportunities to community members as young as six months through to doctoral level, enabling graduates to thrive in a global environment and contribute to the nation's development.

QF is also creating a multidisciplinary innovation hub in Qatar, where homegrown researchers are working to address local and global challenges. By promoting a culture of lifelong learning and fostering social engagement through programs that embody Qatari culture, QF is committed to empowering the local community and contributing to a better world for all.
