	16:00 - 16:15 Closing Plenary Session Fixing School, Fixing the Planet																
	16:15 - 16:30																
	16:30 - 16:45																
	16:45 - 17:00																

## WISE Format Descriptions

### HYBRID SESSIONS

#### 3 MAIN STAGES:

**THE THEATER:** It brings together all attendees for WISE plenary sessions. The theater offers a hybrid stage welcoming participants who are physically attending the Summit as well as those joining online.

**THE WISE STUDIO:** Set up like a television studio, this stage welcomes participants both physically and online. Topical issues related to the current debates in education are addressed by experts and practitioners.

**THE YOUTH STUDIO:** This year, for the first time, one of the main stages is fully curated by a group of young leaders in education. This group of 8 change-makers has selected the topics and the speakers of their own studio.

**PLENARY SESSIONS:** These sessions are moderated by the WISE emcee and include key moments of the Summit program, from keynotes to the reveal of the WISE Prize Laureate, and feature panels and conversations.

**KEYNOTE SPEECH:** An insightful and inspiring talk by an influential thought-leader.

**DIALOGUE WITH THE EMCEE:** An interview-like discussion between the emcee and a high-profile speaker.

**PANEL:** A session that gathers a group of speakers for a moderated conversation, bringing together different areas of expertise and points of view to deep-dive into a specific topic.

**FIRESIDE CHAT:** It is an informal yet structured conversation between a moderator and one or two speakers. It's a unique opportunity to uncover the speakers' personal stories and ideas, offering the audience valuable learning and takeaways.

**SPOTLIGHT TALK:** Impactful, snack-sized inspirational talks. These fast-paced talks challenge conventional thinking with bold, innovative ideas.

### IN-PERSON SESSIONS

**ASK ME ANYTHING:** Exclusive, intimate and lively Q&A sessions with most prominent speakers. A "reverse" experience where the speaker does not deliver a speech but answers questions from the audience.

**WORKSHOP:** Hands-on and interactive learning experience facilitated by experts and practitioners, where participants explore new perspectives on a variety of topics.

**MASTERCLASS:** Engaging class delivered by an expert on a specific topic linked to this year's Summit theme, followed by a Q&A session with the audience.

**ROUNDTABLE:** High-level inter-sectorial exchanges where participants discuss pressing education topics.

**MAJLIS SPOTLIGHT DISCUSSION:** Organizations share meaningful insights with the WISE participants. They will present solutions, innovations, reports' findings or new initiatives.

**MEET THE AUTHORS:** Meet the authors of this year's WISE Research Reports.

**WISE PROGRAMS STUDIO:** In this studio, WISE showcases findings from the WISE research reports and outcomes of the WISE programs.

### ONLINE SESSIONS

**DISCUSS IT:** The speaker presents a practical proven solution to an education challenge in front of the WISE audience. This solution can be either a predefined detailed program or a set of contextualized work that successfully resolved a real problem of practice.

**PITCH IT:** The speaker pitches an education solution to a jury consisting of three members: a journalist or an influencer, an educator, and an entrepreneur or an innovator. The jury gives candid feedback and advice to the speaker.

**HEAR MY STORY:** The speaker tells a compelling story in a supportive environment. This session also encourages input from the WISE community.

**PARTNER PANEL SESSION:** Knowledge partners of WISE organize online panel discussions related to their fields of expertise.

**WISE ON AIR INTERVIEWS:** Topical interviews of WISE's high profile speakers to deep dive into selected issues.

**SOCIAL MEDIA LIVES:** Topical live conversation with influential voices in education.
